

# IoT for Climate Change – Does it help?

Dr. Nicola Thorn  
CEO

[nicola.thorn@andtr.com](mailto:nicola.thorn@andtr.com)

Sometimes, yes

Data

50% of industrial emissions  
come from SMEs.

Bespoke IoT energy  
monitoring

UK Smart Meter  
Roll Out

AND Technology Research

[www.andtr.com](http://www.andtr.com)

Analyse

Predictive  
maintenance  
Signatures

Energy data  
disaggregation

Real-time  
alerts and monitoring

Grid modelling  
and simulations

AND Technology Research

[www.andtr.com](http://www.andtr.com)

Unintended  
consequences

Energy technology  
development

Behavioural change  
of energy user

Action

Thank you!
