Dublin — June 20-23, 2022

Organised by  
**IoT Forum**

## IoT WEEK 2022 OPENING: GLOBAL VISION, IoT TODAY AND BEYOND

**11:00 AM,  
21 June 2022**

Speaker

**Pearse O'Donohue**

European Commission  
DG Connect - Directorate  
"Future Networks"  
Director

Speaker

**Mark Ferguson**

EIC  
Chair of the Board of the  
European Innovation Council

Speaker

**Laure Le Bars**

SAP  
Research Project Director at SAP  
Vice-President of BDVA and  
President of QuIC

Chair

**Sébastien Ziegler**

IoT Forum  
President of the IoT Forum &  
Director at Mandat International

Speaker

**Kevin Doolin**

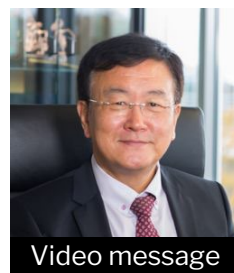

Walton Institute  
Executive director

Speaker

**Juergen Sturm**

AIOTI  
Chair of the Management  
Board

Video message

**Chaesub Lee**

ITU  
Telecommunication  
Standardization Bureau  
Director

**IoTWeek**

# IoT WEEK PAST EDITIONS

**IoT Week** is an annual event organized by the **IoT Forum** since 2011.

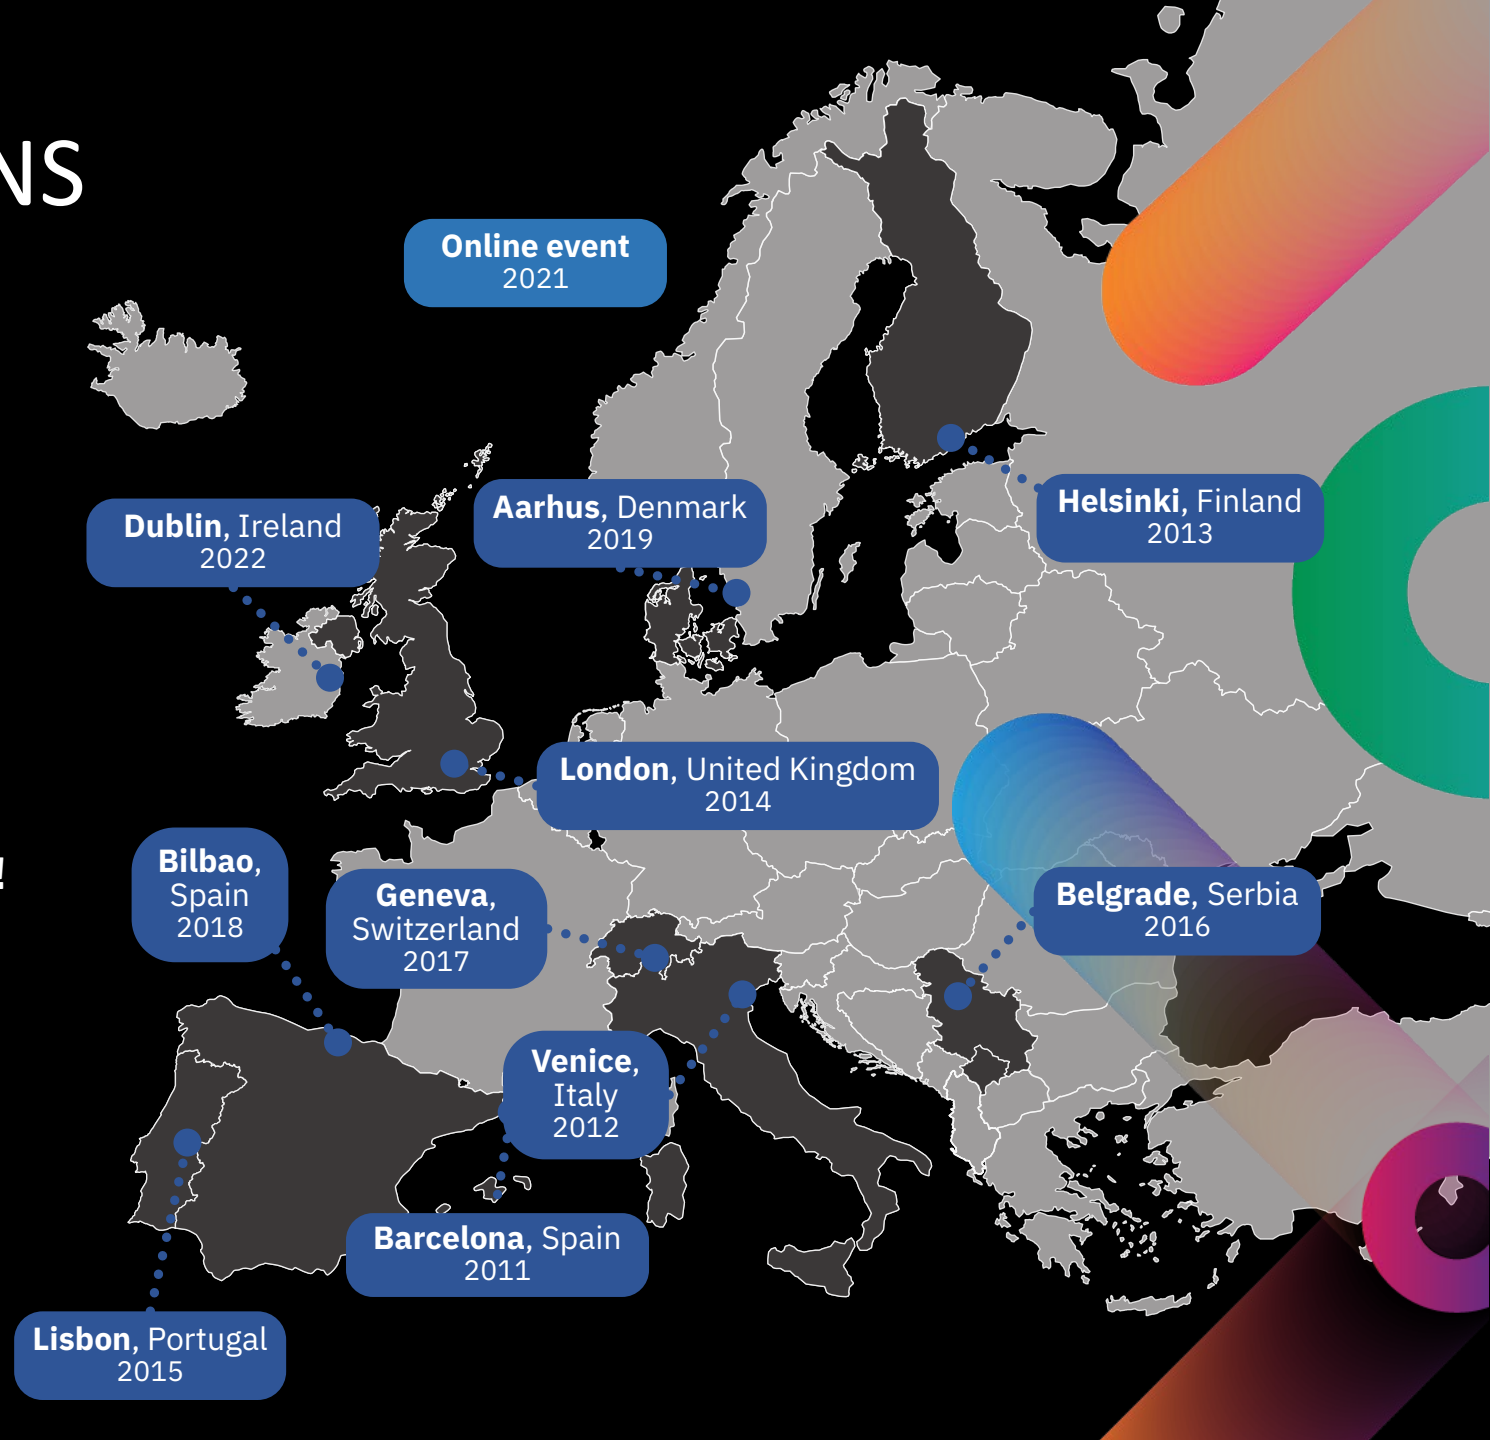

Past editions took place in Barcelona, Venice, Helsinki, London, Lisbon, Belgrade, Geneva, Bilbao, and Aarhus.

We expected to be in Dublin in 2020. The edition was cancelled because of the Covid Crisis. The 2021 edition was developed online edition.

**At last, we are in Dublin. At last, face-to-face!**

**IoT Forum**

Dublin — June 20-23, 2022

## Keynote Speakers

Olga Cavalli

Gurdip Singh

Dylan Corcoran

Nicola Thorn

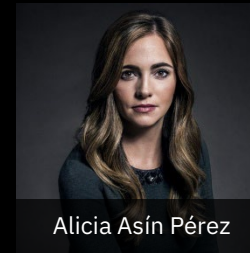

Tanya Suarez

Sébastien Ziegler

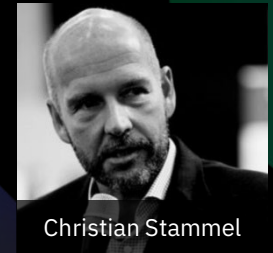

Alena Siarheyeva

Alicia Asín Pérez

Chaesub Lee

Christian Stammel

Joann O'Brien

Jorge Pereira

Jürgen Sturm

Kevin Doolin

Latif Ladid

Laure Le Bars

Pearse O'Donohue

Alice Charles

Mark Ferguson

Mark Sage

Max Lemke

Monique Calisti

Noel O'Connor

Peter Wittenburg

Stephen Mellor

IOTWeek

The logo for IoT Week, featuring the letters 'IoT' in a stylized font with a blue-to-orange gradient, followed by the word 'Week' in white. The background of the entire image is a dark, semi-transparent overlay on a photograph of people working on laptops in a workshop or office setting.

**Dublin**  
June 20-23, 2022

# IoT WEEK 2022 HACKFEST SERIES

The IoT Forum and the Alliance for the Internet of Things Association (AIOTI) are pleased to invite IoT experts, designers, developers, entrepreneurs, and researchers to the **IoT Week 2022 Hackfest Series**.

01

### Next-Generation IoT, Research and Cross- Atlantic Cooperation

Intelligent IoT  
Connectivity and  
Beyond

Next Generation IoT:  
Emerging  
Technologies

Research infrastructure:  
IoT new perspectives &  
breakthroughs for Europe

Cross-Atlantic  
Research  
Perspectives

04

### From Data Spaces to Data Legislation

From Data Spaces to  
Trustworthy AI:  
Designing Data  
Spaces in real life

Data Protection,  
Ethics and Security  
in a connected  
world

02

### IoT Markets and Applications in Industry, Agriculture & Smart Communities

IoT Market Challenges  
and Opportunities:  
Leadership and  
Business Innovation

Smart Agriculture:  
when tech meets and  
transforms farming

Industrial IoT: Resilience  
and self-sufficiency of  
the 5.0 Industry

Smart Cities &  
Communities: Towards  
user-controlled technology

05

### IoT Platforms and Standardisation

IoT and Edge Computing  
Standardisation

03

### IoT for the SDGs

IoT for Sustainable  
Healthy Societies

IoT Key  
Contribution for  
Sustainable  
Development Goals

06

### Co-located events

Global IoT Summit  
(GloTS)

AIOTI General  
Assembly
