# CeADAR as European Digital Innovation Hub (E-DIH) in Al

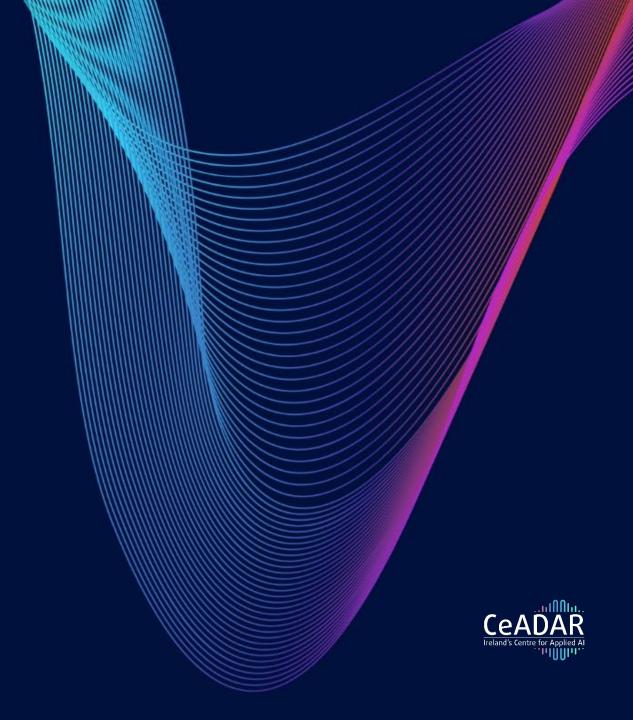

CeADAR is the European Digital Innovation Hub (E-DIH) in AI in Ireland

# Collaboration with other DIHs as part of the EUHubs4Data

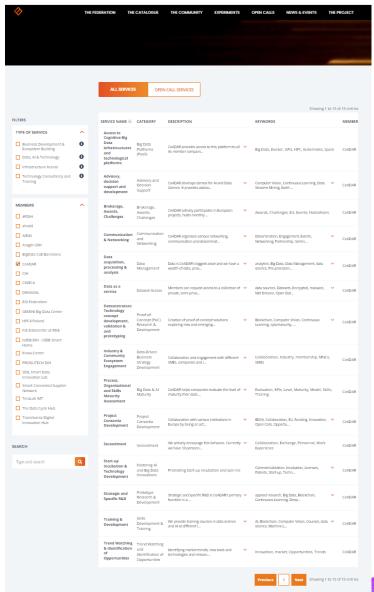

# **CeADAR DIH Offering in the EUH4D Catalogue**

- Business Development & Ecosystem Building
- Data, Al & Technology
- Infrastructure Access
- Technology Consultancy & Training

# **EUH4D Collaborative Projects – DIHs and SME Synergies**

### **Key Learnings**

- EUH4D Federation of DIHs offers a <u>complementary catalogue of services</u> to SMEs which enables the development of more complete projects
- Successfully Tested Collaboration between DIHs in different countries to support an SME
- DIH Collaboration in a project requires to agree on aspects related to joint work:
  - Intellectual Property
  - Data Access and Privacy
  - Distribution of Work (atomic tasks vs. joint development)
  - Clear Expectations from SME
  - Alignment in Strategy between DIHs
